

CITY OF  
**COLLEGE PARK**

# SUSTAINABILITY SOLUTIONS

**NOVEMBER 2, 2024 | 10:30AM - 12PM**

Davis Hall (9217 51st Ave.) or Zoom (<https://zoom.us/j/98380365574>)

Create a greener College Park! Want ideas for going green in your life? Ideas for how the City could be greener?

On November 2, the Committee for a Better Environment is inviting residents to join in a conversation about steps we can take to make our city more sustainable!

The committee will present out on a recently conducted survey about what sustainability issues matter most to College Park residents, what residents are doing to make the city greener and what more residents want to see the city do. This is the second survey of residents and the committee will be sharing what's changed in the past few years.

Join the committee and City Council members for this important discussion.
